

OIL & GAS TECHNOLOGY COMPETENCY & ASSOCIATE DEVELOPMENT (O>CAD)

Detail engineering course designed for engineers from

- Construction Engg
 ● Commissioning Engg
 ● Maintenance Engg
 ● Service Engg

EPC PROJECT MANAGEMENT

Proposal & FEED study

- Bid, Design basis, Well study
- Design and construction Manhours Cost, Procurement Cost
- Project Management

Engineering

- Preparation Process development (P&ID), BOM
- Technical Queries, Technical Bid Evaluation
- Purchase Requisition

Procurement Engineering

- RFQ, TBA, BOM, Vendor selection

Construction and installation

- Hook Up Drawing
- As Built Drawing

AUTOMATION-DCS,PLC,ESD,FGS

- Overview of FPSO/offshore Automation
- PCS,DCS,ESD,FGS,PSD,ICSS & Skid Controls and engineering,F&G system and C&E,ESD system and C&E,interface engineering,module engineering , subsea systems

20000 for SPI

E-learning Oil and Gas Orientation

30000 for Instrument Design

Instrumentation design SPI orientation for gulf returns (C to D)

Gulf construction orientation

Skietech Competence Development

Email @ Intooolsskietech@gmail.com

E-learning for engineers and students from Skietech Automation

Live sessions in YouTube,
Facebook, Zoom on
ETAP, Spi
Intools, PDMS
softwares and skill
development programs
for engineers.
Timings : Everyday from
8-9pm.
